

Amelia Island 2024 fun in the sun (or bring your own umbrella) By Jim Weed

It's March, it's cold. Spring will not get here soon enough. I'm not sure about the rest of the country, but Georgia has had its fair share of cold and rain. Florida is calling.

The Amelia Island concours has been one of my must-go destinations. The auctions, the cars and the weather make this event feel like the Pebble Beach of the east coast.

Bonhams, Gooding and Broad Arrow displayed their offerings, hoping to find new homes for each and every one of them.

It appears the Ferrari selections did well, and I believe most of the sold lots were fairly priced with a few exceptional results.

Selected sales are presented in the following pages for your perusal.

Amelia is two full days of automotive diversity starting with Saturday Cars & Coffee. The field is filled with interesting cars not lined up in order but parked together in neat rows.

The fun is discovering little-known or unusual cars within the crowd. Occasionally a Ferrari will be mixed in with a bunch of Porsche, or Nissan, or...

The fun is in the search. You never know what you might find.

In another field is Radwood. Radwood is designated as a future classic. Here you will find a modern BMW M3 and Honda NSX mixed in with Nissan GTR.

It was there I found a 308 GTS QV and a Testarossa. Certainly, those will be future classics, those design lines never seem to age.

And then you find something really unusual. It's a 348 GTS made up to look like a Challenge car. At least until you get close. There I met subscriber Richard Spooner.

He has taken a 348 body shell and installed a 488 Challenge drivetrain. Shoehorning this package into the back was not as difficult as you might imagine.

The quality of installation was top notch and as Mr. Spooner pointed out the entire car was all Ferrari. Maybe not all from the same Ferrari, but Ferrari nonetheless!

Then on Sunday the field is changed to a whole new level of cars. It is here you will find big, beautiful Brass

Era cars with Indy race cars a short walk away. Ferraris are also in abundance.

The Ferrari 250 Competition Class has an astounding group.

Yes, there was a GTO. David MacNeil brought his beautiful silver 250 GTO for all to see. There were also four, I said FOUR, 250 GT LWB Berlinetta. It felt like the start of the 1959 Tour de France.

Among them was S/N 0703 GT, the ex-John Apen car I spent many a mile driving. It was good to see this old friend.

The Ferrari GT class included a 250 Europa, 250 PF Coupe and Cabriolet, a 250 Lusso and one of my all-time favorite 250s, a 250 GT PF Cabriolet Series I in burgundy, a Peter Kalikow car.

Scattered about were other gems to be found. A 206 SP brought by Hassan Moghadam from Canada.

A white 246 GTS with very special history. This Dino is still with its first owner. He bought it new and decided to drive it from New York to California.

So, he along with racer Rick Cline did just that in 35 hours and 53 minutes winning the Cannonball Baker Sea-to-Shining Sea Memorial Trophy. Owner Jack May stood near his car with a line of people waiting to hear his story, grinning from ear-to-ear.

From the title you must be able to guess the weather played a factor in the weekend's events, and it did. Sort of.

Friday saw a deluge, but no cars were on the lawn. Saturday threatened all day but aside from some light misting the rain held off, at least until the evening.

Sunday everywhere was soggy, but the cars were displayed, and all was good until around noon when the rain came down; two hours later it was over.

The awards were handed out with the cars in place. It was much too soggy to make a trip around the awards stand.

Best in Show? You guessed it, a 250 GTO!

Amelia Island Auction Results Selected cars from Broad Arrow, Bonhams and Gooding

250 GT PF CABRIOLET SERIES II, S/N 1879 GT (1960). Bare metal. Estimate \$1million to \$1.3 million. Delivered new to Prince Alessandro “Dado” Ruspoli. Built in spring 1960, and the certificate of origin was issued on June 30. Originally finished in Grigio Conchiglia with red upholstery. It is believed that during production, 1879 GT and another Grigio Conchiglia Cabriolet, chassis 1911 GT, exchanged identities. Originally assigned Pinin Farina body no. 29732, chassis 1879 GT today bears body no. 29736, the body number that was originally assigned to chassis 1911 GT. Similarly, the entire driveline installed in 1879 GT – including the engine, gearbox, and differential – features internal numbers that correspond with 1911 GT’s build records. Prince Ruspoli sold 1879 GT to Roberto Graziani and Liberato Bruti Liberati. It then passed into the hands of another Roman owner in 1962. In May 1963, the Ferrari was sold to Robert John Wagner, the American actor. When he returned to the US in 1965, Mr. Wagner enlisted his agent to sell on his behalf. The Ferrari remained in Italy until 1969, when it was shipped to San Francisco. Upon its arrival in California, 1879 GT was sold to an Oakland resident. By 1979, ownership had passed to Donald Nichols. Mr. Nichols carefully disassembled and stripped the Pinin Farina body to bare metal in preparation for a complete restoration. The project never proceeded past these initial stages and, for the past three decades, the Ferrari was kept in static storage. Recently acquired by the consignor and presented as it was discovered in Mr. Nichols’ garage. 70,000 km. Lot 171. Sold for \$940,000. Gooding & Company.

330 GT 2+2 SERIES II, S/N 8387 GT (1966). Dark blue with parchment leather. Estimate \$375,000 to \$425,000. Originally finished in black. Borrani wire wheels, air conditioning, Becker Europa radio, and electric windows. First delivered in Italy, it was relocated to the US by the 1970s, where it has remained since. The car spent nearly 40 years on the West Coast, during which time it received a comprehensive restoration. At that time, the car was repainted in dark blue and the interior retrimmed in parchment leather with Blu Scuro carpets. The restoration was completed in 2016. Lot 32. Sold for \$379,000. Gooding & Company.

275 GTB/4, S/N 9689 (1967). Red with black interior. Estimate \$3 million to \$3.5 million. Completed in March 1967, finished in Blu Chiaro with black Connolly leather and light gray carpets. Destined for sale in Switzerland. Campagnolo alloy wheels, electric win-

dows and headrests. Delivered new to Garage Italauro SA, in Lausanne, to Swiss racing driver Jo Siffert. After a brief period, he sold to Paul Blancpain. By September 1968, it had covered 18,000 km and visited Assistenza Clienti on three occasions. In October 1968, it was sold to its third owner, who had it repainted red. It is believed that it remained with the third Swiss owner until 1972, when it was exported to the US. In 1973, exotic car dealer Vintage Car Store in Nyack advertised it for sale. It was sold the following year to Donald Millard, Jr. By the late 1980s, it was retired from regular use, and driven and serviced occasionally, before being relegated to static storage approximately 25 years ago. It remained in Mr. Millard’s ownership for half a century. Driven sparingly since 1974 and stored for decades, it has survived in a largely original, unrestored condition. Its paintwork, applied in the late 1960s, is lightly lacquer-checked and cracking in areas. The original leather upholstery is preserved. The small-diameter, 1970s-era steering wheel, stereo speakers, and bumper-mounted driving lights are the only deviations from its original specification. Original glass, period seat belts. The odometer shows fewer than 64,000 km (approximately 40,000 miles). Vehicle has been in long-term static storage and may not be currently operational. It will require mechanical attention prior to road use. Lot 121. Sold for \$2.9 million. Gooding & Company.

365 GTB/4 SPYDER, S/N 15277 (1972). Verde Bahram with beige interior. Estimate \$2.5 million to \$3 million. Imported by Luigi Chinetti Motors and delivered to one of the NART drivers, John “Buck” Fulp, Jr., of Anderson, South Carolina. After just a few years Fulp traded it back to Chinetti, who resold to a customer on Long Island, New York. The new owner sent it for a repaint in black. The Daytona Spyder saw limited use over the next four decades and remained in the hands of its second owner until 2014, when it joined a Greenwich-based collection. The third owner made the decision to return the car to its original Verde Bahram livery, having covered 7,000 miles from new. Since this work was completed in 2015, it has been shown selectively. Greenwich Concours d’Elegance and at The Bridge on Long Island. Unrestored interior, which features original leather upholstery, carpets, and “mouse fur” dashboard flocking. The engine bay, trunk, and undercarriage remain in original order. Original tool roll, owner’s manual, parts catalog and dealer directory. 7,819 miles. Lot 36. Sold for \$3.6 million. Gooding & Company.

365 GTC/4, S/N 15635 (1972). Black with black interior. Estimate \$240,000 to \$280,000. Completed in July 1972, as a U.S.-market example equipped with air conditioning and power windows. Dispatched to Modern Classic Motors in Reno, Nevada. By 1975, the car belonged to Neil O. Chamberlain of Los Alamitos, California. At some stage the Ferrari was refinished in black before entering the long-term care of William H.

and Nadine Tilley of Alhambra, California in 1990, who would retain the car for 23 years. Serviced and maintained at Fast Cars Ltd. in Redondo Beach, California. Some years after William Tilley's passing in 2013, the Ferrari entered a collection until its acquisition by the current owner. Alloy wheels, while the trunk carries an optional Borrani wire spare wheel. The leather-wrapped steering wheel was recently refurbished, the leather front seat upholstery and ivory vinyl headliner have been redone in recent years. Period-correct Becker Mexico stereo and aftermarket, trunk-mounted air conditioning system with underdash-mounted controls and rear vents. Mechanical recommissioning in 2015, which included servicing the cylinder heads, rebuilding the six Weber carburetors, and installing a stainless-steel exhaust system. Tool roll, owner's manuals, and partial service records. 32,300 miles. Lot 264. Sold for \$196,000. Broad Arrow.

365 GT4/BB, S/N 18171 (1974). Rosso corsa with nero interior. Estimate \$350,000 to \$400,000. Completed on 16 October 1974 and dispatched to importer SAVAF later that year. Exhibited on the Ferrari display at the Geneva International Motor Show in March 1975, in its factory Argento Metallizzato livery. Sold to its first owner in Germany by Auto Becker in Düsseldorf. Eventually it was exported to the United States, finding a long-term American owner who would retain the car from 1982 until 2008. In this ownership the exterior was refinished in Rosso corsa with nero lower body panels. The interior was retrimmed in nero leather with contrasting red Daytona-style seat inserts in 2010. In 2014, it was issued Classiche certification. It entered the care of its current owner in 2015. It has since been a regular entrant at some of the finest concours events in the United States, including the 2015 Greenwich Concours d'Elegance (Best in Class), Italian Sports/GT, 2015 Lime Rock Great Ferrari Display, 2016 The Quail, 2016 Concorso Italiano (Second Place Ferrari), and The Bridge in 2021. Serviced under current ownership encompasses a major engine-out service in 2015 and another significant service in 2018. Tool kit, jack, and Red Book. Lot 119. Sold for \$335,000. Broad Arrow.

TESTAROSSA, VIN ZFFSA17S000080096 (1989). Rosso corsa with beige leather. Estimate \$350,000 to \$450,000. Non-motorized seat belts and without side reflectors. Originally sold by the Ferrari dealer in Vienna, Austria, on August 1, 1989. The car spent many years in a museum and has covered 208 km (130 miles). In 2021 and 2022, the car received substantial mechanical work, including a belt service, water pump, spark plugs, new battery, clutch, and tires, and rebuilds of both the braking and fuel systems. Imported to the US in 2022. Books, tools, jack, and original Austrian documentation. Lot 130. Sold for \$348,750. Gooding & Company.

512 TR, VIN ZFFLG40A8R0097259 (1994). Giallo with nero interior. Estimate \$300,000 to \$400,000. In the final year of production in 1994, it is understood that only 24 cars came to America. Before being sold later that same year, new Michelin Pilot Super Sport tires were mounted, and sticky switches were refinished. For the last two years, its current owner has kept it in a climate-controlled garage with minimal mileage added to the odometer. Accompanied by service records, factory manuals and leather case, car cover, and tool kit. 7,985 miles. From The Iannelli Family Collection. Lot 13. Sold for \$318,500. Gooding & Company.

Completed at the factory in December 1968, although its earliest recorded owner acquired the car in 1974. By 1978 it had been purchased in San Diego, California, who then sold it to a fellow Californian in 1979. The latter retaining it for the next 38 years. In 1985, a restoration commenced with an engine and gearbox rebuild. Subsequently disassembled, the chassis was media blasted prior to refinishing in black epoxy primer. Care was taken to use either original or NOS items throughout the restoration. Once mechanically complete, the car was sprayed in its original Rosso Chiaro, while the interior was retrimmed in the combination of nero vinyl cushions with gray fabric inserts. Duly completed, it was kept for a handful of years, covering just 250 miles or so in the process, before offering the car for sale in 2016. The Dino was purchased by a Texas-based collector who had the car recommissioned, retaining it until February 2013, when it was sold to the consignor. 250 GT LWB BERLINETTA RE-CREATION, S/N 1657 GT (1959). Dark red. Originally a PF coupe, imported to the UK in a disassembled state without a powertrain in the late 1980s. Owner commissioned Carrozzeria Auto Sport of Bastiglia, Italy, to construct a brand new TDF chassis, rather than modifying the PF chassis. Completed in 1996, the re-creation is powered by a 3.0-liter inside-plug Colombo V12 with triple Weber carburetors topped by velocity stacks and an air pan. Four-speed manual transmission with overdrive and 16" Borrani wire wheels, custom-made TdF-style seats trimmed in tan leather. Power-assisted 360 mm drum brakes, installed by Patrick Ottis in Berkeley, CA, in 2003. After spending time in Japan, the car was acquired by the seller in August 2021, and subsequent work has included major service, detailing of the red paint, installation of black carpeting, cosmetic refurbishment of engine ancillaries, and a rebuild of the electric fuel pump. Documents from 1987, images from the conversion in the 1990s, invoices from work by Ottis. **\$1,050,000.**

246 DINO BUMPER: U.S. VERSION - FOUR BRAND NEW, still in factory packaging ... never opened. These bumpers have never been used. In 1979, at the age of 19, I bought my first Ferrari in Modena, Italy. Knowing that I would have to bring the car up to DOT and EPA specs, I went to the Ferrari Factory in Maranello Italy and bought four extra bumpers at the factory (because I was afraid I might screw things up when modifying the existing European version bumpers while attempting to meet DOT specs). The bumpers are STILL in the factory plastic and tape, and they have never been touched by human hand since the summer of 1979. \$6,000 USD OBO. 4901
