

## The Beginning of Normalcy - Amelia Island 2021

By Jim Weed

One of my favorite events is Amelia Island. Maybe not quite the prestige as Pebble Beach but a real close second. It's only my second choice because Pebble Beach is well, Pebble Beach. What Amelia has is a greater variety of automotive examples to look at.

Many of the cars at Amelia are Pebble quality and many more, while not Pebble quality, are more interesting than what is normally found on the west coast golf links. Think of it as an east coast Pebble with fewer suits and more shorts and t-shirts.

Not that you won't see period dress with goggles and caps or flowing dresses and parasols. Most of the crowd is there to enjoy the cars and there is plenty to see.

This year the honoree was Lyn St. James. Occasionally during the day her name could be heard over the loudspeakers, then an engine would boom to life as she was reunited with one of her former rides. I'm sure she enjoyed the attention, but I would bet she enjoyed sitting in the racecars even more.

Since we are talking racecars there were numerous (that's more than a few) Porsche 935s. Several versions were displayed and in all different liveries. I could have appreciated them more if I knew anything about Porsches but there was a large crowd of excited people fawning about so I knew it must have been a special treat to see so many.

Nearby was a Shadow. Not just one but several. These Formula and Can-Am cars terrorized racetracks around the world. The technology within the diminutive chassis with the huge engine mated to wheels seemingly not much larger than a go-cart was incredible. It was great to see these up close.

Of course, this being 2021 the field had displays of electric automobiles. Sure, there were manufacturers' displays of modern cars and trucks that could be ordered but some of the earliest automobiles, and trucks were powered by batteries. Many of the names of these early cars were typically descriptive, Detroit Electric and Studebaker Electric. How cool it must have felt to brag about the Morris and Salom Electrobat you just purchased in 1895.

Electric cars have come a long way from the Electrobat to the SF90.

And that is the essence of Amelia Island Concours. Very early automotive history of Hispano-Suiza and Duesenberg to racing and American muscle cars.

You're not necessarily gonna see that at Pebble.

It is always the incredible diversity throughout the field that pulls you in. As you move through one area, another group of cars you never thought existed come into view. The wonder never stops.

Oh, there are also Ferraris.

Let's start with the rare and beautiful 342 America. Of the six 342 Americas made there is only one Vignale Cabriolet, S/N 0232 AL. The bright blue metallic paint sets off the cream-colored interior. Dennis and Susan Garrity have shown this car all over the world and it is always special to see in person.

Next was a 250 GT Pinin Farina Cabriolet Series I, S/N 0791 GT, in white. These cabriolets are always special to see in person. Truly one of Pinin Farina's classic designs that never fails to please the eyes.

As if a white Series I Cabriolet isn't enough then a black Series II Cabriolet was also shown.

The 250 GT Pinin Farina Cabriolet Series II, S/N 1723 GT, brought by Kevin Cogan, was an exercise in how the Pininfarina design had progressed in a couple of short years.

There were two 365 GTB/4s displayed. Neither Daytona was red. One was fresh from restoration brought by Keith Martin. No, not that Keith Martin. His father purchased the Daytona, S/N 14443, brand new from Chinetti. It has remained in the family since.

As you can imagine, with a one-family car there is a pride of ownership that is unmistakable. The perfect Giallo Fly paint and black interior made this one look like it was moving at speed while just sitting there.

Nearby, was another Daytona, S/N 15749, in Verde Scuro which is a dark forest green. It had a tan interior. It is unusual to see any Ferrari in green, but it was a spectacular color on this one.

Further along the fairway was the supercar area. It was there one could see the first 'supercar' Ferrari ever made, a 288 GTO, S/N 54231, brought by Jim Weddle. Next to it was an F40, S/N 80769, of Jasbir Dhillon and

then an F50, 103097, brought by Dennis Crowley.

It was interesting to see the progression of the supercars. The 288 GTO looks like a 308 on steroids. While the 288 can be very exciting in terms of performance, it can be very docile on the street. I would think the F40 and F50 would not be as comfortable loafing down the boulevard. Certainly, either one would be more than adequate pushing it around the track.

At the far end of the field were more Ferraris. In a place of honor up on the hill they could be seen from nearly every viewpoint on the field.

There were ten 275 GTBs. Now you would think ten cars all of the same type would be boring. No, far from it.

Of all the Ferrari models, the 275 series has the most number of variants contained within the total number built. Every variant was represented. I don't believe a finer display could have been assembled.

The earliest car was a short nose with six-carbs in black, brought by Kevin Cogan, S/N 06665. Next was a long nose six-carb alloy with special features, S/N 08067 from the Colson brothers. It had a factory roll bar and outside fuel filler built into the fender. Both of these cars had the two-cam engine installed and would be open driveshaft cars also.

Early in the production of the two-cam cars, Ferrari decided to create a racing version. Three serial numbers were set aside to be made into thinly disguised production cars. These Competition Speciales were made with thin aluminum bodies and thinner frame tubes. Completely stripped of all creature comforts and with the full GTO engine treatment these would be very potent machines.

Unfortunately, while appearing to be the same as its production brothers, the racing committees did not fall for Ferrari's deceit. Only S/N 06885 competed in period coming in 3rd at Le Mans overall and 1st in class in 1965. It raced several more times with good results and was purchased by Preston Henn in 1971. It

has resided with him and the family ever since.

The other Competition Speciale S/N 07185 does not have any in-period history but has been well used by Rob Walton in historic races, I'm sure to the delight of Walton himself and the many spectators who have seen it on the track.

One other competition car was also there. At the end of the two-cam series, Ferrari made a batch of twelve lightweight, dry-sump competition cars. These were closer to the production cars and allowed to compete and were competitive in many races around the world. S/N 09067 was displayed by the Rare Wheels Collection.

For 1967, Ferrari updated the 275 GTB with new cylinder heads. The 275 GTB/4 for four-camshafts was born. All the four-cam cars had closed driveshafts and a long nose, but they could be made with steel or alloy bodies.

There were two of the steel body cars on display, S/N 10051 brought by Duke Steinemann and S/N 10827 brought by Roy Brod. Both of these cars were in a pretty dark blue.

An alloy 275 GTB/4 was represented by S/N 10269 owned by Phil and Martha Bachman. They have a penchant for yellow cars and this one did not disappoint. This particular car is one I personally have a long history with it, so it was good to see it in the flesh again.

There was a time when special features could be added. Scaglietti and Pininfarina could be talked into adding personal touches to a Ferrari. S/N 10021 owned by Arthur De Moulas was one of those. It was painted Oro Chiaro. It had extra vents made into the front bonnet with chrome strips along the central raised portion of the hood. Around the other vents on the body were delicate chrome trim accents in addition to other areas like the trunk opening. The rear taillights were not the standard two large round ones but three small lights on each side like those on the 500 Superfast. It was fascinating to inspect and discover all the details like power windows and a well-worn, but very original interior in green leather.

No grouping of 275s of this caliber could be complete without a NART Spyder. The very first one, S/N 09437 in pale yellow was brought by Lawrence Auriana. This was the one raced by Denise McCluggage at Sebring in 1967. Then it was painted and shown in "The Thomas Crown Affair" with Steve McQueen.

Certainly, it was the crown jewel of the event.

Amelia Island Concours brings together a diverse number of cars. Its that diversity that makes it a great event. Laid back, with warm sunshine, lots of people and great cars. It has been a good recipe for twenty-six years. I hope Bill Warner and crew continue to put on a first-class show. It may not be Pebble Beach, but I think it is a whole lot better.

## (A Few) Ferraris Return to Amelia

### By Rick Carey

The 2020 Amelia Island Concours and events surrounding it were the last events (aside from Mecum's auction in Glendale, Arizona) before Coronavirus and COVID-19 shut down everything. It was only fitting that The Amelia marked, for car people and – even if they don't realize it – the world at large the beginning of the Great Reopening.

It was a bold step when The Amelia announced in December 2020 the rescheduled date for Amelia 2021 as May 23. Vaccines were bruited but not yet approved. Travel in any conventional sense was still restricted and online-only auctions had barely six months history in which to show their effectiveness.

But it happened. Bonhams (who didn't offer a single Ferrari) and RM Sotheby's (only nine Ferraris) sucked it up and plunged forward. It all came together under sunny and warm skies.

It was a celebration of friendships, acquaintances and automobiles. The Amelia Concours car count was reduced ("to support social distancing" by the official account, although also likely affected by uncertainty from collectors farther afield who were reticent about early commitment of cars, owners and support staff for an uncertain date). Even the pretense of "social distancing" disappeared on the concours field Sunday. It may not have been as crowded as in the past but there was a deluge of spectators when the gates opened.

The sense of relief was tangible, universally expressed and enthusiastically endorsed. There were only smiles.

The auctions were remarkably successful with Bonhams selling 82.1% of the lots offered and RM Sotheby's 95%, both near-records for Amelia sales.

As for Ferraris, there were only nine, all at RM Sotheby's (not counting a lone Fiat Dino 2.0 coupe). The numbers may have been small but they all sold, including five for over \$1 million. Their total including commission was \$14,482,300, accounting for 34.5% of RM's \$41,991,940 total.

Only one of the Ferraris sold on a hammer bid under its low estimate, the 365 GTS/4 Daytona Spyder S/N 14863, and it was only a rounding error \$25,000 under the \$2 ¼ million estimate. None of the other eight Ferraris achieved hammer bids over their high estimates, although out of the 181 vehicle lots sold between the two auctions, 31 brought hammer bids over the high estimates, a strong 17.1% of the total lots sold.

Online auctions are now well-established and recognized as an effective way to sell even valuable cars to a worldwide audience of remote bidders. Amelia, however, showed that there is no substitute for gathering together to put hands and eyes on cars, for discussing cars with friends and colleagues and soliciting opinions and observations from informed (or opinionated) acquaintances.

It was a Great Reopening, and the results proved it worked.

For those curious about results other than Ferraris, 113 of the 205 vehicle lots offered at Amelia will be described in detail at [www.rickcarey.com](http://www.rickcarey.com).

## RM Auction Ferraris Amelia Island

**250 GT PF CABRIOLET SERIES II, S/N 2533** (1961). Grigio Conchiglia with blue leather. Estimate \$1.2 million to \$1.4 million. Older restoration, 2- condition. Hammered sold at \$1.35 million plus commission of 10.37 percent = final price of \$1.49 million. Hard and soft tops, Borrani wire wheels, Michelin Defender tires, Autovox radio, power antenna, grille-mounted fog lights, Marchal headlights, tool roll, spare, manuals. Restored in the teens in its original colors. Classiche Red Book certified. Very good repaint and interior other than small scrapes on the seat back piping and a tarnished ashtray cover. Scuffed windshield frame chrome. Clean older restored chassis and underbody. The engine compartment is orderly and done to reasonable standards without being made into jewelry. The hood stands high on the right rear corner. A buyer at Brooks Gstaad auction in 1998 picked up this Ferrari (then in Resale Red) for \$130,336. It's had much attention since then and is an exceptionally handsome and well-preserved older restoration today that makes a statement in its original colors and brought a healthy but realistic price. Lot # 186.

**275 GTB/4, S/N 10987** (1968). Giallo Solare with black leather. Estimate \$2.5 million to \$2.8 million. Cosmetic restoration, 2 condition. Hammered sold at \$2.55 million plus commission of 10.20 percent = final price of \$2.81 million. Campagnolo alloy wheels, Michelin WXX tires, Talbot outside mirror. 48 years continuous ownership by Alan K. Pray, represented as the original engine and gearbox and showing 92,678 kilometers. Excellent chrome and paint with some polishing swirl. Very good upholstery. Old undercoat in the wheel wells and on the chassis. 2019 mechanical restoration by Bob Smith Coachworks. Spotless fully and accurately restored engine compartment. Right wind wing frame chrome needs attention but nothing

else does. The present Giallo Solare livery is at least the third color change from 10987's original Celeste blue and is both attractive and subtly distinctive from the more common Giallo Fly. Considering the scope (and likely the expense) of the recent mechanical restoration the result here is realistic for the seller and a sound value for the new owner. Lot # 136.

**365 GTS/4, S/N 14863 (1971).** Giallo Fly with black leather. Estimate \$2.25 million to \$2.75 million. Visually maintained, largely original, 3+ condition. Hammered sold at \$2.225 million plus commission of 10.22 percent = final price of \$2.45 million. Veglia air conditioning, power windows, Borrani wire wheels, Michelin XWX tires, MOMO steering wheel, Marelli ignition modules, painted nose panel, popup headlights, manuals, tool roll. 1972 New York Auto Show display car. Classiche Red Book certified, 2008 Cavallino Platinum winner. 13,447 miles. Very good paint in the original color, and major chrome. Some trim chrome is lightly scratched and thin. The engine compartment is dusty and has a bit of oily residue. The cosmetics are very good and the rest of the car has been looked after without needing restoration. A factory Daytona Spyder that has always been a collector car, had continuous ownership by informed and caring Ferrari owners and never needed restoration while accumulating scant miles during fifty years of life. There are a few condition issues, but they are of little importance or significance. This is a result that should satisfy both the seller and the new owner. Lot # 176.

**365 GTB/4, S/N 16553 (1972).** Red with tan leather, black stripes. Estimate \$500,000 to \$600,000. Older restoration, 2- condition. Hammered sold at \$500,000 plus commission of 11 percent = final price of \$555,000. Veglia air conditioning, Borrani wire wheels, Michelin XWX tires, Becker Mexico cassette stereo, tool roll, painted nose panel, popup lights. Good paint with three small nose stone chips. Very good upholstery with light driver's seat creasing. Good engine compartment and clean underbody. Not like new, but more than good enough. This Daytona has covered just under 5,000 miles since it was sold at the Dutch government's sale of drug smuggler Charles Zwolsman's collection in 2001 after it was seized in 1993. It was sold there in neglected condition (the collection had been stored under government control and neglect for seven years) for \$68,543 and has been extensively redone since then. The new owner should be pleased with the Daytona and satisfied with the price paid for it. Lot # 149.

**F50, VIN ZFFTG46A5S0103922 (1995).** Red with black leather, red cloth. Estimate \$3.4 million to \$3.75 million. Unrestored original, 2- condition. Hammered sold at \$3.425 million plus commission of 10.15 percent = final price of \$3.772 million. PZero Corsa tires,

shields, books, tools, suitcase. Number 48 of 349 F50s built and only 55 US market cars. Represented with three owners and scant miles from new. Serviced in 2018. Lightly scratched headlight covers. Soiled seats. Clean engine compartment, serviced in June 2018. Sold by Gooding & Company at Scottsdale in 2011 for \$814,000 after long ownership by Benny Caiola, then last year at the same venue for \$3.222 million, the most expensive transaction in Scottsdale last year before COVID-19 shut everything down. This result is a curve-setter, just as last year's Scottsdale result was, but it bought a meticulously preserved low mileage F50. Lot # 181.

**SUPERAMERICA F1, VIN ZFFG-T61AX50142607 (2005).** Argento Nürburgring with beige leather. Estimate \$225,000 to \$275,000. Unrestored original, 2- condition. Hammer sold at \$240,000 plus commission of 12 percent = final price of \$268,800. Fiorano Handling package, Daytona seats, modular alloy wheels, Bridgestone tires, red calipers, climate control, CD stereo, red tach. 15,005 miles, belt service five months ago. Chipguarded nose. Slightly stretched upholstery. Chassis has road dirt appropriate to the 15,005 miles. Good Revocromico roof without visible defects. Interior buttons refinished five months ago along with new tires. Little used and well-maintained. The effect that a few miles has on recent cars like this Superafrica is amazing and the result here shows the cost of actually using, even sparingly, such a vehicle. It could have brought a price well over \$300,000 with 4-digit mileage but even at only a thousand miles a year and evidently with appropriate maintenance and a good roof it took a hundred thousand dollar hit on the block. If, however, it is as good as its recent maintenance suggests, the new owner should find it satisfying to drive and to own at this price, a solid value. Lot # 116.

**599 GTB FIORANO, VIN ZFFFC60A970150861 (2007).** Grigio Silverstone with black leather, gray stripes. Estimate \$500,000 to \$650,000. Unrestored original, 2 condition. Hammered sold at \$625,000 plus

commission of 10.80 percent = final price of \$692,500. 5-spoke alloy wheels, PZero tires, yellow calipers, Daytona seats, shields, carbon ceramic brakes, Bose CD-changer stereo, manuals, books, tools, battery charger, documented with the original invoice. Represented as 3,200 miles and looks like it. No nose chips. Unblemished interior. One of just 30 6-speed 599 GTB Fioranos built. Sticky switches refinished. Like new. The passion for six-speed manual transmission modern Ferraris, where there are any to be found, is exemplified by this exalted result, a premium of more than 100% over the original \$312,613 sticker price (which includes almost \$50,000 in options.) This is a \$200,000 car with the F1 gearbox and a nearly half-million dollar premium for the 6-speed. Lot # 152.

**246 GTS, S/N 04284 (1972).** Red with black vinyl. Estimate \$350,000 to \$400,000. Older restoration, 2-condition. Hammered sold at \$360,000 plus commission of 11.39 percent = final price of \$401,000. Cromodora Dino wheels, Michelin XWX tires, open headlights, Borletti air conditioning, power windows. Good older paint and interior. Engine is very orderly. Good window seals, barely used upholstery. Good major chrome but some weak trim. The engine has been resealed and is clean and dry. Better than it was in 2012. Offered by Bonhams at Quail Lodge in 2012 where the odometer showed 39,279 miles, only 183 miles less than the 39,462 on the odometer here at Amelia Island in 2021, and failed to sell on a reported high bid of \$185,000, a realistic offer at the time. That oversight was rectified today with a result that reflects recent Dino Spider values, although it might have brought more in the original distinctive livery of Nocciola (Hazelnut) over Tobacco. Lot # 130.

**F40, VIN ZFFMN34A0N0093103 (1992).** Rosso Corsa with red cloth. Estimate \$1.8 million to \$2.2 million. Unrestored original, 2- condition. Hammered sold at \$1.85 million plus commission of 10.27 percent = final price of \$2.04 million. SF shields, air conditioning. Classiche certified. Good original paint and upholstery. There is some paint loss in the engine compartment, probably from servicing, otherwise in condition appropriate to the 3,317 miles showing. Belt and major service in November 2020. While this is an expensive F40 by usual standards, it also is a very good, fastidiously maintained, low miles F40 in well-preserved original condition that has just had a boatload of money spent on it. These are expensive cars to own even if they're not driven and this one seems to have had exceptional and recent care, a car that can be bought with confidence even at this price. Lot # 151.

## Mecum Indiana State Fairgrounds 14-22, May 2021

**250 GTE 2+2 SERIES II, S/N 3739 GT (1962).** Red with tan interior. Estimate \$375,000 to \$425,000. Delivered new to Luigi Chinetti Motors. Its early ownership is unknown, but it is known to have been in good driver-quality condition when its 30-year owner purchased it in October 1988 with 48,033 miles on the odometer. Two years later, a full nut-and-bolt rotisserie restoration was begun by T's Sunrise and 3R Automotive in Englewood, Colorado, during which time the original body was replaced with correct Pininfarina Series II Body No. 64, the number stamped on the hood, trunk floor and inner fender walls. The restoration was quite thorough; the entire drivetrain, including engine, was completely rebuilt and the entire car was refinished to excellent condition. Just 2,500 miles since it was completed in June 1997. Correct Securit windows, Marchal headlights, a restored Blaupunkt Frankfurt radio and new 185VR15 Pirelli Cinturato CA67 tires on chromed Borrani wire wheels. Gleaming paint, glass and brightwork, concours-quality engine compartment and undercarriage detailing, and a pristine tan leather interior with correct 250-series instruments. Owner's manual copy, jack, toolkit, emergency equipment, restoration records and historical documentation that includes Marcel Massini and *Ferrari Market Letter* history reports. Lot S187. Not sold at \$250,000 high bid.

**250 TR/61 SPIDER CORSA REPLICA, S/N 8109 GT.** Red with blue seats. Estimate \$575,000 to \$675,000. This Ferrari started life as a 1965 330 GT 2+2 and was delivered to Jacques Swaters' Garage Francorchamps in Brussels, Belgium. It made its way to the U.S., where it lived until 1995 when it was acquired by Motorima Coachbuilding Company of Rydholm, Sweden. Motorima then proceeded to rebody the car as an exacting replica of the 1961 250 TR61 with a handcrafted aluminum body fashioned using factory drawings. Today, this stunning TR61 recreation features a true 3967cc Ferrari V-12 engine (S/N 6251

GT) that transmits 300 HP through its 5-speed transmission and recently received an engine-out reseal and service in 2020 by DriverSource in Houston, Texas. The car is accompanied by various pieces of documentation, including copies of the original invoice, build sheets and factory documents, a mechanical restoration photo file and Marcel Massini history report. The Ferrari also comes with its Suixtil drivers bag, driving gloves and Pacto helmet, original artwork by Wayne Huffaker and original MG-built TR "Shark Nose" Ferrari licensed pedal car, circa 1961. Lot S144. Not sold at \$450,000 high bid.

**330 GTC, S/N 9955 (1967).** Rosso corsa with cuoio interior. Estimate \$625,000 to \$675,000. Matching-numbers, constructed for the European market and equipped with air conditioning and power windows. By the late 1990s, the car was in La Jolla, California, and was red with a cream-colored leather interior. Recently, within about the last 1,000 miles, the engine was rebuilt by John Hajduk's Motorkraft Ltd. The paintwork is very nice with straight body panels and excellent fit and door shut. The glass and lenses are excellent, and the chrome is very nice with minimal evidence of aging. This example retains the often-missing lower fiberglass radiator shroud. Borrani wire wheels and Michelin XWXs with correct knock-offs. The interior was redone in 2013 in cuoio leather with correct black vinyl in proper areas. Becker AM/FM unit. Factory-correct wood-rimmed wheel and the dash is finished in the correct semi-gloss varnish. Tool roll and owner's manual. 45,798 miles. Lot S161. Sold for \$550,000.

**365 GTB/4, S/N 15443 (1972).** Red with tan leather. Estimate \$550,000 to \$585,000. Power windows, a wood-rimmed Nardi steering wheel. Concours-quality fit, finish and detailing. ANSA exhaust and Michelin XWX radials, Borrani wire wheels. Books, warranty card, service records and tool roll. 42,182 miles. Lot F172. Not sold at \$500,000 high bid.

**456 GTA, VIN ZFFWP50A6V0108367 (1997).** Black with tan interior. Estimate \$50,000 to \$60,000. No reserve. From the Moonshiner collection. 20,000 miles. Automatic air splitter at rear. Set of matching Ferrari Scuderia luggage. Tool kit in matching leather Ferrari case. Manuals in matching leather Ferrari case. Lot F93. Sold for \$66,000.

**550 BARCHETTA, VIN ZFFZR52B000124220 (2001).** #242/448. Rosso corsa with nero interior. 1,198 miles. Timing belt service performed by Ferrari of Fort Lauderdale on March 6, 2020, at 1,159 miles at a cost of \$4,212.09. Lot S100.1. Sold for \$357,500.

**575M MARANELLO F1, VIN ZFFB-V55A620127395 (2002).** Rosso corsa with nero interior. Estimate \$100,000 - \$125,000. From the Marshall

Goldman collection. No reserve. Daytona-style seats with contrast red piping, navigation and leather rear shelf. Scuderia shields, 18-inch alloy wheels with Michelins, red calipers. Window sticker, factory literature and tool kit. 16,612 miles. Lot S168. Sold for \$99,000.

**SA APERTA, VIN ZFF72RHA8B0177989 (2011).** Rosso Fuoco with nero interior. Estimate \$950,000 to \$1.05 million. From the Marshall Goldman collection. No reserve. An original U.S. delivery example showing 4,345 miles. Matte silver windshield surround and removable roof panel. Nero interior with rosso contrast stitching and Cavallino Rampante embroidered on headrests. Recaro power sport seats. Dash and interior trim panels, accented with gloss black surfaces on the steering wheel, shift paddles and other driving zone surfaces, and carbon fiber trim on the seats. Aluminum brake calipers, Scuderia shields, red tach, front and rear parking sensors, iPod connectivity and Pirelli PZero tires on 20-inch sculpted alloy wheels. Classiche Certification. Complete with factory tool kit, car cover, battery charger, nero soft top and manuals. 4,345 miles. Lot S167. Sold for \$880,000.

**328 GTS, VIN ZFFXA20A8H0074179 (1987).** Rossa corsa with tan leather. Estimate \$75,000 to \$100,000. Electric windows, locks and antenna. Air conditioning. One repaint in original Rosso corsa. Removable targa top. Cromodora wheels. 32,685 miles. Lot S154. Sold for \$90,200.

**F430 SPIDER F1, VIN ZFFEW59A580164662 (2008).** White with burgundy interior. Estimate \$85,000 to \$110,000. Black-painted aluminum wheels with yellow center caps. Interior trimmed in carbon fiber. Traction control, yellow calipers, Scuderia shields. Driver and passenger lumbar support, and power convertible top. Lot T175. Sold for \$88,000.

**458 ITALIA, VIN ZFF67NFA0A0175774 (2010).** Black with red interior. Estimate \$165,000 to \$175,000. No reserve. From the Moonshiner collection. Service and inspection performed at Ferrari of Atlanta at a cost of \$1,409.74 in January 2021. Optional carbon fiber. Custom Forgiato wheels, original wheels with tires included. 18,081 miles. Lot F87. Sold for \$242,000.

## 250 GT LWB BERLINETTA

250 GT LWB BERLINETTA, S/N 0881 GT (Feb. 1958 prod.). Rosso corsa with brown leather. Black stripe. Matching numbers, event-proven covered headlamp car. 59,207 km. **\$3,750,000.** 4607

## 400 SUPERAMERICA

400 SUPERAMERICA, S/N 2631 SA (Nov. 1961 prod.). Dark blue metallic with dark tan interior. The 5th of just 17 short wheelbase Series I 400 SA, delivered to its first owner in Italy, shortly thereafter exported to Luigi Chinetti Motors of New York, and distributed to Bob Grossman of Nyack, New York. *Car and Driver* magazine would feature 2631 on their April 1963 cover with their detailed road test inside. Houston oilman, John Mecon, Jr., would become the first USA owner and then later noted collector Tom Mittler would own the car for 20+ years: in 2014 into its current collection. Matching numbers throughout and documented by Massini, Red Book Classic Certified. The recipient of extensive restorative work including bare metal repainting, leather re-trimmed, exterior brightwork re-chromed and full mechanical sorting including a major engine overhaul. 43,000 miles. **\$2,800,000.** 4607

## 330 GT 2+2

330 GT 2+2 SERIES II, S/N 8705 GT (1966). Black with red interior. This fabulous car lived the majority of its life in Texas and California before coming to an East Coast collection. 50,000 miles. **\$325,000.** 4608

Mike Roberts, F40 Motorsports, [www.f40.com](http://www.f40.com), [mike@f40.com](mailto:mike@f40.com), 860-342-5705 (CT)

330 GT 2+2 SERIES II, S/N 10043 GT (1967). Red with black leather. Interior almost like new. Single-headlight car is a matching numbers example just out of 40 year ownership. Very late Series II car, only about 20 left the factory after this car. Power steering, power brakes, and power windows from the factory. Original color was light metallic green, painted Rosso Nearco in 1975 and repainted in 1981 with the bumpers re-chromed in 1982. Presentable driver, could use some paint work to be taken to the next level but is in very good condition overall with nice straight body panels. 99,000 km. **\$325,000.** 4611
