More Richard F. Merritt Remembrances

Dick was one of the earliest pioneers when it came to the study of Ferrari and its impact on the motor world. I saw and heard Ferraris for the first time in 1959 at Riverside, but was in no position to buy even a used one until much later.

In the meantime, Dick went on to become a founding member of the Ferrari Club of America and co-author of the Fitzgerald and Merritt book on Ferrari Sports and GT cars. It became the bible for most of us contemplating our first Ferrari and still serves as a reference.

Dick always supported my efforts to bring fairness and consistency to the Ferrari judging process. We achieved this through a focus on originality and authenticity while recognizing that Ferraris are meant to be driven. When our judging forms and judging guidelines were introduced at the International Ferrari Meet at Monterey in 1984, he served as a judge.

He was also an active charter member of the International Advisory Council for Preservation of the Ferrari Automobile (IAC/PFA) founded to support the process. He later served as a consulting member for many years.

I knew Dick for decades and cherish the memory of our long conversations over the years. Before he retired from his government position, he also helped the owners of many other marques get their gray market cars accepted. He was friendly and helpful with everyone. I will miss him. **Ed Gilbertson**

I was hired by Ferrari dealer, FAF Motorcars in mid-December of 1978. My start date was the first week of 1979. My wife asked John Apen, one of the owners of the dealership, what might be a good Ferrari theme Christmas present for me.

John went to the bookshelf and picked out a copy of the *Ferrari: The Sports and Grand Touring Cars* by Warren Fitzgerald and Richard Merritt. I took the book for granted at the time but over the years I've come to appreciate its place as the seminal book on Ferrari.

I am awed that Dick and Warren were able to assemble the information and pictures at a time when much of their communication would have been done by mail.

I was fortunate to meet Dick Merritt a couple years later at a Ferrari club event in the FAF showroom. Dick and Ferrari legend Stan Nowak held a panel discussion on their experiences with Ferraris. A lot of people know various pieces of the Ferrari puzzle; those guys knew all the pieces and how they fit. The discussion was probably over the head of many in the audience, but the hard-core folks hung on every word.

I ran into Dick at events and talked with him many times after that. Often the subject was an update on the gray market but other times it was whatever came to mind.

We talked, or more to the point, I listened to stories about Ferraris, the Ferrari club, and in one memorable conversation, the effectiveness of a Tesla battery that had sat out in the parking lot of the Minneapolis airport for a couple winter nights.

It was never a rehash of the old days; it was a cur-

rent topic and I always found his insight fascinating.

The Ferrari hobby owes a debt of gratitude to Dick; his leadership laid the foundation for the hobby in the US.

Dick had a soothing tone and distinctive pattern to his speech. If you knew him, I'm sure you can hear it right now.

Fortunately, Dick left a legacy of a couple wonderful books. If you don't have them, hunt them down, they're essential. **Steve Ahlgrim**

Dear Friends,

I would like to take this time to thank everyone for contacting me about my father's passing. The outpouring of emails, phone calls, text messages and cards have been truly amazing.

My father had friends all over the country and even overseas. It did not take long for the sad news of his passing to reach so many of his friends and colleagues.

My father always looked forward to the next event where he could see his friends to swap stories and give his opinion on whatever was the current hot topic.

Even as his health started to decline and he could not travel, he would ask that I call him during and after that event so I could tell him who I saw and what cool cars were there.

It has been a little challenging to work out funeral details due to Covid restrictions. It is believed that Virginia will scale back restrictions at the end of the month. It is for this reason and anticipated warmer weather that we have decided to postpone my father's funeral until April 30th.

It will be held outdoors at Ketoctin Baptist Church and Cemetery, 16595 Ketoctin Church Road, Purcellville, Virginia 20132. The service will start at 1:00pm.

Restrictions for outdoor gatherings are very light. We will follow Covid guidelines by providing masks, hand sanitizers and placing chairs a few feet apart for those who may have concerns.

Anyone who would like to attend is welcome. If you would like further details, you can contact me at kl.merritt@hotmail.com **Kendall Merritt and family**

365 GT4 2+2, S/N 18715 (Sept. 1975 Euro. prod.). Blu Ribot with beige leather. All interior electronics appear to be working, including the clock, Blaupunkt Frankfurt radio, windows and A/C fan speeds. All glass shows original etchings, along with the front windshield recommended tire pressures decal for the Michelin XWXs on the Cromodora 7.5x15" wheels. The undercarriage is remarkably solid. Engine and luggage compartments are tidy, noting both bonnet pads have been removed and do accompany the sale, along with several other small original parts. Correct jack, wrench and lug nut socket in roll, along with a European emergency triangle and wheel spanner for the Rudge knock-offs. Out of long term storage, highly original, very solid and nicely detailed. 108,568 kms (67,461 miles). **\$89,500.** 4607

COMPETIZIONE

246 GT/LM, S/N 02678 (1971 Euro. prod.). Red. Commissioned by Luigi Chinetti for his North American Racing Team (N.A.R.T.) through Ferrari's "Servizio Assistenza Clienti" department. The car was prepared to racing specifications. 02678 had a successful race at LeMans, however, with Laffeach and Doncieux bringing the car to a 17th place overall and 2nd in class finish. After Le Mans 02678 went back to Ferrari for repairs from the damage suffered. After the repairs, the car was sent back to Chinetti and then sold to Harley Cluxton who wanted to race it in the last race of the 1972 World Manufacturers Championship race at Watkins Glen. It was at Watkins Glen that the car carried the number 24 with the same sponsorship livery the car displays today (now on number 46). After the Watkins Glen race Cluxton traded 02678 to Joe Marchetti, who sold the car to John Carmack in 1973 and kept it until 1981 when he sold it to the current owner. 15,742 km. **\$2,500,000.** 4606
