

## Rally Masters By Cathy Roush

If there's anything you've learned about me in the 11-plus years since I became publisher of the *FML*, I hope you remember that I am always looking for a ride in a Ferrari.

Whether it's on the track for any event, or a rally or pleasure drive at an Annual Meet, I've had the opportunity to ride in a variety of models from old to new. Been on Daytona in several, including an Enzo and a Daytona; been on Watkins Glen in a Challenge car; can't remember all the cars I've been around PBIR ... but I definitely remember the BB/LM with Jim Fuchs.

I'm not ashamed to ask for a ride, and most folks are happy for the company and opportunity to show off their driving skills. Unfortunately I wasn't in the right place at the right time either Tuesday or Wednesday for a ride on the track at Sebring.

But forgive me because the reasons were valid.

Checking in to the FCA Annual Meet Sunday evening, I put my name on the list of persons looking for a ride for either pleasure drive (both Tuesday and Wednesday that week) or the competitive rally, only on Tuesday.

I even added the phrase 'get your name in the *FML*'. You'd have thought my phone would be ringing off the hook.

Nothing ... nada ... zilch.

That's okay, I'm also walking around the event and pretty vocal about my wish. Enter Jay Weitzel. You know Jay. Well, you know his voice. Master of Ceremonies for the FCA Annual Meets and Cavallino Classic.

Jay has a 1999 355 F1 Spider, Giallo Modena with nero interior. Plans were made Monday evening for us to meet and participate in the Hagerty Competitive Rally on Tuesday.

Jay had not registered for the rally when he signed up to attend the meet ... but I had 'just in case'. While not planning to take my daily driver, I was going to Sebring with intentions of finding a driver with a Ferrari. Better to be registered and not enter, than want to enter and not be registered.

Anyway, as it turns out Jay and I were the first to show up. Not only that, but Jay and I were the perfect team.

Both Type A, both in it to win it. And with apologies, both Chatty Cathys. I mentioned to the guys from Motion Products who I found a ride with and one of

them remarked, who will talk more?

Jim and Debbie Pyle were the rally masters for this meet. I've known Jim and Debbie since I was a teenager. Jim grew up in the Sebring area, and the Pyles live in Wauchula, Florida. To say they are familiar with the roads/back roads around the area would be an understatement.

This was not their first rally, either as participants or designers. Jim recalled the Annual Meet in 1981 in Asheville, NC, where my brother Chris (then a 16-year-old) was his navigator in a 308 GTB.

Debbie remarked that long ago David Seibert had taught them tricks when designing a rally. A lesson well-learned, as I will explain shortly.

I'd like to comment on the quality of the books for the rally and pleasure drives. The competitive rally book was spiral bound, color cover with a photo of the 1961 Sebring-winning 250 TRI/61, S/N 0792, also on all the other meet literature, and orange groves in the background.

The pleasure drive book had a similar cover but was fewer pages and stapled; both books had tidbits of historical information about the area to add to the fun. Well done!

At the driver's meeting we were cautioned to read the instructions, although a few of the instructions were vocally emphasized: do not turn around or go back to look for answers; not all the questions have answers (nor are the questions between instructions necessarily in the order you may encounter the answer). After the driver's meeting, we were first off!

Jay and I were confident; this wasn't our first rally either. What do you think, read the instructions? Or skip right ahead to the directions and questions? We chose the latter. And missed a most important instruction – probably THE most important instruction (and made a mistake I hope never to repeat).

“While interpretation may often be required, each and every answer is **clearly written** on signs, street signs, walls, buildings, poles, etc., along the route.”

**Clearly written.** A very important instruction. Because you see, question #7: “What is holding up the mailbox at 6423?”

Jay and I looked at each other like, duh, a manatee. But, duh, there was no sign stating that a manatee was holding up the mailbox. So while I entered manatee as our answer in our guide book, it was wrong (at least according to Pyle’s Rally Rules).

Same with question #13: “How many tanks at Lykes?” Clearly there were three tanks, but do you think there was a SIGN stating there were three tanks? Nope. Another ‘no answer’ was the right answer.

Some of the answers requiring interpretation, #35. “I shall return”. Of course you recall General Douglas MacArthur’s promise. The answer was just McArthur Road. And #36. Wild West dentist gunslinger. Doc Holiday, but it was single l in Holiday Road.

Did I mention Debbie Pyle spent her career in education? I don’t know if she was taking points off for spelling, so we used the sign spelling rather than the true name.

Lest I lead you to think my ride on Wednesday was any less enjoyable, the other reason for missing a ride on the track was the opportunity to act as navigator for an encore performance of the 2019 Scottsdale Meet pleasure drive with David Varwig. This time in his Blu Corsa 488 Spider.

Before he rattles on me, you know how it is on a pleasure drive. You’re just kind of taking it easy, following the car in front of you, catching up on life.

When, BOOM, I say, oops ... we were supposed to turn right off of SR 66 back there onto Sweetwater Road. There was no pressure to follow the directions, and eventually we would circle back to SR 66.

Some navigator I was. David made a u-turn, got us on Sweetwater, and now that we were not following anyone, was able to drive his Ferrari like, well, a Ferrari ought to be driven. Oddly enough, it was a while before anyone else was behind us (i.e., no one else turned around!).

The ride eventually took us through Highlands Hammock State Park; plenty of scenery and not just the hammock and swamp. Imagine going for your daily

walk and encountering two dozen Ferraris!

Not as lengthy of a drive as Scottsdale had been, we returned to the track for lunch and in time to catch the Coppa GT competition.

At the awards banquet Wednesday evening the Pyles had a poster board with Polaroid photos of the signs that proved the answers. By then I’d given up any hope of a winning a trophy so I didn’t bother to compare their evidence against my book. I was convinced that was no way to write a rally.

Open mouth, insert foot. As it turns out, most of our competition must have made the same mistake in assuming the answer to a question without seeing the answer on a sign. Because Jay and I came in third place!

Hagerty provided the most fun trophy - criss-crossed pistons and rods. I proudly display mine next to my other third place navigator trophy, from the 2017 Annual Meet in Daytona.

Which, ironically, is on the same shelf as a third place trophy Dad won in 1961. The prize is an ashtray, inscribed ASCC, probably for Alabama Sports Car Club. But I treasure it nonetheless.

## RM Sotheby's The Guikas Collection November 19, 2021

**250 (EUROPA) GT PF BERLINETTA COMPETIZIONE, S/N 0385 GT (1955).** Red with black interior. Estimate €7 million to €9 million. This car can be distinguished by several unique features, including its lack of a boot lid, independent front suspension with coil springs, and competition-oriented sliding side windows. The early 250 GT Berlinettas signaled the progression of a blossoming partnership between Ferrari and Pinin Farina. Originally in Argento livery, the car was displayed at the 1955 Turin Motor Show. The first owner was Mr. Luigi Bertett, then President of the Automobile Club of Milan. It had two more owners in Italy before being shipped in January 1964 to Athens, Greece. The car was involved in a road accident in 1965. In 1975, after sitting in storage for several years, Stephen Barney managed to rescue the car out of Greece. Barney brought the car back to Italy for a complete restoration. Barney matriculated back to the U.S. Sold to Wisconsin and then to Germany. Moved to Japan in the late 1980s, before coming to the UK in the early 1990s. In 1995, a complete engine rebuild is documented in the history file. Sold to Mr. Guikas over a decade ago. Classiche Red Book certified. Lot 152. Sold for €6.2 million.

**250 GT PF CABRIOLET SERIES I, S/N 0849 GT (1958).** Black with turquoise interior. Estimate €5.5 million to €7 million. The cabriolet left the factory in May 1958, originally finished in Bianco with Turchese Connolly leather interior. Sold to its first owner in Lodi, near Milan. In September 1960, the car found its second owner, residing in Milan, while its third and fourth owners were in France. In 1964, the drum brakes were replaced with disc upgrades. In 1971, the original engine suffered failure. It was replaced with S/N 0973 GT. It was repainted red and trimmed with black interior. During the 1980s and 1990s, the car passed between owners in England, France, Belgium and the USA. Added to the Guikas Collection in September 2007, at which point it was equipped with engine 0949 GT. However, 0849 GT was once again stablemates in the Guikas collection with 'Tour de France' chassis 0973 GT, which still had the original engine from 0849 GT installed. In 2017, the car underwent restoration and was reunited with its matching-numbers engine. It was repainted in black and retrimmed to the original Turchese. It was confirmed this example once had more subtle vents installed. Lot 123. Sold for €4.4 million.

**250 GTE 2+2 SERIES I, S/N 2769 GT (1961).** Ivory with beige interior. Estimate €250,000 to €300,000. Purchased by French politician Albin Chalandon on 18 October 1961. Delivered via Franco-Britannic Autos Ltd., originally finished in Grigio Fumo, with beige leather interior and carpets. Two French owners would follow. Next advertised for sale on 14 October 1982, the fourth owner had the car refinished in its present ivory in 1986. After receiving significant mechanical work in 1997, it joined the Guikas Collection in August 1999. Reportedly 3,000 km since the completion of this mechanical work. 68,000 km. Recent Classiche inspection confirmed a full numbers matching drivetrain. Lot 164. Sold for €342,500.

**275 GTB, S/N 7765 (1965).** Blue Sera with Beige Scuro interior. Estimate €2.4 million to €2.8 million. Completed in July 1965 and first sold in France in September. Ordered initially with three carburetors, the car was bought new by Count Frédéric Chandon de Brialles, heir to the Moët & Chandon producer of champagne. One year later trading it to Claude Bouscary. Converted to a six-carburetor set-up, it charged its way to podium places in many races across France. 1st in the GT class and 2nd overall at the Course de Vitesse at Albi in March 1967, 1st at the Col Bayard hill climb in April 1967, 1st at the Saint Antonin hill climb in May 1967, Bouscary won the French GT Championship in 1967. In 1973, the car was sold and repainted in burgundy red. The car was restored between 1989 to 1991, then later campaigned in historic racing events in the 1990s and 2000s. One owner commissioned Rolofs Engineering to build a fully race-prepared engine using a Ferrari Classiche block and six-carburetor setup, as well as a competition gearbox. The original engine, with three-carburetor setup, and gearbox were carefully removed and rebuilt, and preserved on the side. Classiche certified. Lot 144. Sold for €2.14 million.

three years to its third owner in Milan. Around 1977, the car was exported to the U.S. In December of 1982 the car was sold and the owner proceeded to carefully preserve the car in storage for the next 30 years. Purchased by Mr. Guikas in 2016 and returned to Europe. Inspected by Classiche in 2021, confirmed original matching numbers engine and gearbox. Cromodora wheels and manuals in leather wallet. 50,904 km. Lot 153. Sold for €606,875.

**365 GTC/4, S/N 14461** (1971). Azzurro Gladiateur with black interior. Estimate €180,000 to €220,000. Completed in October of 1971. Sold new in Milan, the car remained in Italy for a very short period of time. Exported to California in 1972. Acquired by a resident of Illinois. Repainted red, it eventually made its way back to California. In 2006, the car had been advertised as having received a substantial mechanical service, including replacement of the timing chains, water pump, a new clutch and flywheel, and a rebuild of the ignition, braking system, and carburetors. In mid-2019 it was acquired by Mr. Guikas and shipped to France. It was returned to its original color of Azzurro Gladiateur and black interior and has been inspected by Classiche in preparation for certification. FOUR BRAND NEW, packaging never opened, 246 Dino bumpers for sale. These bumpers have never been used. In 1979, at the age of 19, I bought my first Ferrari in Modena, Italy. Knowing that I would have to bring the car up to DOT and EPA specs I went to Maranello and bought four extra bumpers at the factory (because I was afraid I might screw things up when modifying the existing bumpers while attempting to meet DOT specs). Still in the factory plastic and tape, and they have never been touched by human hand since the summer of 1979. BEST OFFER. 4621
